Sir:

This is in response to the Official Action of August 16, 2006, in connection with the above identified application. This response is timely filed.

The Official Action is a restriction requirement in which it is urged that there are three separate and distinct inventions claimed in this application. Applicants elect the Group II invention which includes claims 10-15, 34-35, 44-45, and 47-48, without traverse. Applicants reserve the right to file one or more divisional applications on the non-elected inventions at a later time.

Respectfully submitted,
